Subject No. 269.

Inconvenient extension of State Forests in Closepet Taluk.

Summary of discussion.—In the Closepet Taluk, District Forests were included in State Forests to the great disadvantage of agriculturists. On complaint, it was ordered that redress would be granted. But further extension of State Forests is still being made.

Dewan's reply.—The Inspector General of Forests has been asked, and he will doubtless see to this. (*Vide* Subject No. 197 in last year's Proceedings.)
